FOR IMMEDIATE RELEASE

**CapStone Technologies recognized by Inc. 5000
as one of the fastest-growing private companies in the nation**
Lincoln company ranks 689, up from 3598 in 2018.

Lincoln, Neb., August 15, 2019 – [CapStone Technologies](#), a business engineering and automated service company for the print-to-mail industry, has earned the rank of 689 on the [2019 Inc. 5000 list](#) of the fastest-growing private companies in America.

This marks CapStone’s second straight year on the list, moving up significantly from 3598 on 2018’s list, thanks to the company’s 633% growth over the last three years. CapStone is the third-highest ranked Nebraska company in the Inc. 5000 for 2019.

“We’re very thankful for the Inc. 5000 recognition,” said Troy Power, co-founder of CapStone. “It’s a testament to the individuals on our team and their dedication to understanding key challenges our clients face – and then delivering solutions with that same focus.”

“The companies on this year’s Inc. 5000 have followed so many different paths to success,” says Inc. editor in chief James Ledbetter. “There’s no single course you can follow or investment you can take that will guarantee this kind of spectacular growth. But what they have in common is persistence and seizing opportunities.”

CapStone’s AutoViri™ is a full suite of solutions that automate and streamline print-to-mail operations, including robots for sleeving, traying, tagging, and palletizing, as well as one-of-a-kind software that gives virtual visibility of operational performance and the progress of physical mail through the production process. Used separately or together, AutoViri Solutions help mailers of all sizes operate more efficiently and protect their USPS workshare discount, increasing profitability.

About Inc. 5000
