FOR IMMEDIATE RELEASE

CapStone Technologies ranks number 1038 on 2020 Inc. 5000 list
Lincoln company has been recognized as one of the fastest-growing private companies in the nation.

Lincoln, Neb., August 12, 2020 – [CapStone Technologies](#), a business engineering and automated service company for the print-to-mail industry, has earned the rank of 1038 on the [2020 Inc. 5000 list](#) of the fastest-growing private companies in America. CapStone is the fifth-highest-ranked Nebraska company in 2020, and this marks the company's third straight year on the list.

"To be on the Inc. 5000 list again is a great honor," said Troy Power, co-founder of CapStone. "I really give all the credit to our hardworking team. Since last year, we've created new solutions to the print-to-mail industry's challenges. This recognition goes to the team and their drive to always stay focused on our customers and their needs."

"The companies on this year's Inc. 5000 come from nearly every realm of business," says Inc. editor-in-chief Scott Omelianuk. "From health and software to media and hospitality, the 2020 list proves that no matter the sector, incredible growth is based on the foundations of tenacity and opportunism."

CapStone's comprehensive suite of AutoViri™ Solutions automate and streamline print-to-mail operations, including robots for sleeving, traying, tagging, and palletizing, as well as one-of-a-kind software that gives virtual visibility of operational performance and the progress of physical mail through the production process. Used separately or together, AutoViri Solutions help mailers of all sizes operate more efficiently and protect their USPS workshare discount, increasing profitability.

About Inc. 5000

The 2020 Inc. 5000 is ranked according to percentage revenue growth when comparing 2016 and 2019. To qualify, companies must have been founded and generating revenue by March 31, 2016.
